

DISCARDISCO

DiscarDisco: The WasteShed's one-of-a-kind annual fashion show fundraiser competition. Contestants showcase the potential of 'waste' materials by designing and creating runway looks made entirely from post-consumer materials, or 'trash.' This event features a live runway show with 250 attendees, which will be produced into a 1 hour video special seen by thousands of our supporters.

Sponsorships at any level help produce this extravaganza, and support The WasteShed's work of providing low-cost or free creative materials to Chicagoland's many teachers and artists. Thank you for your consideration.
